Re: Bolack #3-B Well

Gentlemen:

El Paso Natural Gas Company proposes a Dual Completion well to be located in the S/2 of Section 33, Township 28 North, Range 8 West, San Juan County, New Mexico. This well will be dually completed in both the Pictured Cliffs and Mesa Verde formations.

Inasmuch as you are the owner of the N/2 NE/4 of Section 4, Township 27 North, Range 8 West, which adjoins the drilling block, and if you have no objections to this proposed dual completion, we would appreciate your signing the attached copy of this letter and returning same to this office.

With kindest regards, we remain,

Very truly yours
