Dear Sir:

This letter is to inform you that El Paso Natural Gas Company is in the process of dually completing the following well:

Florance No. 5-C (PM)

NE 30-28-8

This well will be dually completed in the Pictured Cliffs-Mesa Verde as gas-gas dual. A packer will be installed on the 2-3/8" tubing between the zones with a sidedoor choke installed in the 2-3/8" tubing above the production packer. Upon final successful completion a formal application for administrative approval will be made to the Oil Conservation Commission in Santa Fe.

Yours very truly,
