Attention: Mr. A. S. Grenier

Administrative Order NSL-15

Gentlemen:

Reference is made to your application for approval of a non-standard location for your Sanchez Well No. 1-A, located 1650 feet from the North line and 690 feet from the East line of Section 16, Township 28 North, Range 9 West, NMPM, San Juan County, New Mexico, in the Aztec-Pictured Cliffs Gas Pool.

It is our understanding that the request for such exception is based upon the extreme topographic relief in the NE/4 of said Section 16, and that waivers have been received from all offset operators indicating that they do not object to such exception.

By authority granted me under provisions of Rule 4 of the Special Rules and Regulations for the Aztec-Pictured Cliffs Gas Pool, as set forth in Order R-565, you are hereby granted an exception to the normal spacing for your Sanchez Well No. 1-A.

Very truly yours,

W. B. Macey
Secretary-Director
