Because of a casing leak we plan to temporarily abandon this well in the following manner:

Pull both strings of tubing.

Set a retrievable bridge plug at 2100' (above the Pictured Cliffs perforations).

Verbal approval to perform this work was obtained from Raymond Vineyard on 11-20-81 by Don Walker.

Approval is granted for 90 days after installation of packer. At the end of that time it is required to permanently repair casing. Notify this office by sundry notice of intent on plans to repair casing.
