- \* Should waivers from all offset operators not accompany an application for administrative approval, the New Mexico Oil Conservation Commission will hold the application for a period of twenty (20) days from date of receipt at the Commission's Santa Fe office. If, after said twenty-day period, no protest nor request for hearing is received by the Commission's office, the application will then be processed.
- NOTE: If the proposed dual completion will result in an unorthodox well location and/or standard proration unit in either or both of the producing zones, then separate application for approval of the same should be filed jointly with this application.
