Re: Produced water from Table Mesa Field

Dear Moe:

Your request for authority to put the referenced water down an arroyo cannot be approved at this time. It may be possible to approve of disposing of the water in a pit if it can be shown that this would not cause deterioration of the ground water in the area.

Our records indicated that Order R-4488 authorized use of Table Mesa #21 in C-3-27-17 as a disposal well and that this well has not yet been used.

If you have any questions, please contact this office.

Sincerely,
