Mr. A. L. Porter  
Secretary and Director  
Oil Conservation Commission  
P. O. Box 871  
Santa Fe, New Mexico

Dear Mr. Porter:

I have received Administrative Order DC-621 for the El Paso Natural Gas Company Cuccia State No. 3 (PM) Well. This order states that the well is in Section 22, Township 27 North, Range 8 West, N.M.P.M., San Juan County, New Mexico. However, the well is actually located in Section 32, Township 27 North, Range 8 West, N.M.P.M., San Juan County, New Mexico.

This error no doubt has arisen because it was mistakenly stated in the application for administrative approval to dually complete the Cuccia State No. 3 (PM) well, dated July 15, 1958, that said well was located in Section 22 instead of Section 32.

Mr. Emery Arnold, Director of District No. 3, has advised me that El Paso Natural Gas Company should apply to you for an amendment to Order DC-621 to show that the well is actually located in Section 32. Please consider this letter as such a request.

The distances of the well from the boundaries of Section 32 are correct as was stated: 890 feet from the South line and 1090 feet from the West line. I am enclosing one copy of the Certified Well Location Plat.

Thank you for your consideration of this matter.

Very truly yours,
