13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Dugan Production has recently acquired this well from Jerome P. McHugh. Request permission to continue long term shut-in to study completion in the Fruitland Coal. McHugh's pervious sundry stating that another coal well exists in this spacing unit is incorrect.
