Re: Administrative Order No. DUC-223  
Nassau Well No. 7, Unit F,  
Section 36, Township 27 North,  
Range 12 West, WMPM, San Juan  
County, Fruitland and Pictured Cliffs

Gentlemen:

Reference is made to your recent application for an exception to Rule 303-A of the Commission Rules and Regulations for the subject well to permit the commingling of production from both formations in the well-hole.

It appearing that the subject well qualifies for approval for such exception pursuant to the provisions of Rule 303-C, and that reservoir damage or waste will not result from such down-hole commingling, and correlative rights will not be violated thereby, you are hereby authorized to commingle the production as described above.

Assignment of allowable to the well and allocation of production from the well shall be on the following basis:

Upper Pool: 67%  
Lower Pool: 33%

Pursuant to Rule 303-C 5, the commingling authority granted by this order may be rescinded by the Secretary-Director if, in his opinion, conservation is not being best served by such commingling.

Very truly yours,

JOE D. RAMEY  
Secretary-Director

The following table shows the results of the regression analysis for the dependent variable "Number of children in the household" (N = 1,000). The independent variables are "Age of the head of household" and "Gender of the head of household". The results are presented in the following table:
