Re: Application for Permit to Drill
Western Oil & Minerals, Limited
#1 Snodgrass
SW $\frac{1}{4}$ Sec. 24, T27N, R8W
Largo Chacra Development Well
San Juan County, New Mexico

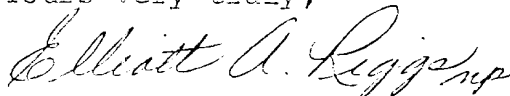

Dear Mr. McGrath:

Enclosed please find plats and maps showing existing roads, pipelines, flowlines, etc. with regard to the captioned well site.

Water to be used in the drilling operation will be obtained by truck from the water hole in nearby Canyon Largo. Disposal of trash and waste will be in reserve pit, burn pit or latrine as applicable. There is no planned camp or air strip to service this well. Upon completion or abandonment of subject well, the location will be cleaned and leveled and a standard dry hole marker erected, if applicable.

This well will be approximately 200' NW of the Western Oil and Minerals, Limited #6 Marron, a Blanco Mesa Verde well.

Yours very truly,

Elliott A. Riggs, Agent

Re: Archaeological Clearence

#1 Snodgrass

SW $\frac{1}{4}$ 24-27N-8W

San Juan Co., New Mexico

well site was inspected wednesday afternoon, Oct. 19, 1977,
by personnel of the New Mexico State Univ. Dep't of Anthropology.

Miss Dolores Glass informed me this date that the well site was
OK'd for drilling and reports were in the mail to me and the BLM.

Yours Very truly

Elliott A. Riggs
