- Dispose Water

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

In a production test conducted 6-22-94, 40 MCFD with 14 BWPD was produced after swabbing. Dugan will soon have a water disposal well in the area which should allow this well to be returned to production. We understand that this satisfies the requirements to maintain this lease as active. Please notify us if this is not the case.
