13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Phoenix is planning an extensive drilling program in the San Juan area where the Federal E #2A is located. The Federal E #2A is located approximately 2,000' \pm from the proposed Federal E #2R, which has been approved to drill.

Phoenix is requesting an additional six months time to put the Federal E #2A back into production. During our drilling program we plan to workover the Federal E #2A.
