

11. Other Information

- A. Surface Description: The surface description of the proposed site where the actual well is located is just above the West Fork Wash on a flat surface. A historical site is located 100' north of the drill site and will not be disturbed.
- B. Surface Use Activities: The surface is federally owned and managed by the BIA. The predominant surface use is mineral exploration and production.
- C. Proximity of Water, Dwelling and Historical Sites:
 - 1. Water: There is water in the West Fork wash 100 yards to the east of the well site.
 - 2. Occupied Dwelling: A house is located 1 1/2 miles northeast of the well site.
 - 3. Site: An archeological reconnaissance has been performed for this location and clearance has been granted.
