Re: Request for exception to 200' Rule - Well E.H. Pipkin #12-E,  
1460' FNL & 1160' FWL, Section 12, T27N-R11W, San Juan County,  
New Mexico.

Gentlemen:

Energy Reserves Group, Inc. requests an exception to the 200' Rule for the  
above referenced well due to topographical conflicts.

The area is generally highly eroded with numerous gullies and dry washes. The  
well site as originally proposed was located along the face of an almost vertical  
cliff. In addition there is a natural gas pipeline which runs north and south  
through the west  $\frac{1}{2}$  of the NW $\frac{1}{4}$ .

In order to move the site to a more suitable and accessible location and remain  
in the SW $\frac{1}{4}$  NW $\frac{1}{4}$  it was necessary to infringe upon the 200' Rule.

Energy Reserves Group, Inc. is the offset operator concerning this well.

If any additional information is required, please advise.

Very truly yours,

ENERGY RESERVES GROUP, INC.
