Dear Mr. Chavez,

Northwest Pipeline requests permission to drill a Mesa Verde infill well in an unorthodox location due to topographical reasons. The well is the Blanco #2A, located in the SE/4 of section 12, T27N, R9W. A copy of the surveyors plat and a topographical map is attached. All offset operators to this well have been notified of our intent to drill this well. Any waivers or objections from the offset operators will be sent to your office.

Thank you,

Paul C. Thompson  
Drilling Engineer
