Re: Application for Non-Standard Location

Gentlemen:

We respectfully request approval of the non-standard location of the S.E.R.H., Inc. Navajo Nation 29 #3 well located 2230' FSL 1780' FEL of Section 29, T 27 N, R 19 W, as an extension to the Big Gap Organ Rock Gas Pool.

The well was drilled in 1981 at a standard oil well location. It is currently producing as a Pennsylvanian oil well.

We intend to test the Organ Rock formation in the subject well.

The acreage shown on the enclosed plat is all on the Navajo Indian Reservation. S.E.R.H., Inc. operates all offset wells on a lease from the Navajo Tribe or by an Operating Agreement with the Navajo Tribe. A copy of this application is being forwarded to the Bureau of Indian Affairs by certified mail at the time of mailing of this application.

If further information is needed, please contact me.

Yours very truly,

A. R. Kendrick
