Gentlemen:

I have examined the application dated 12-20-92
for the Tenneco Oil Co. Price Com # 5E L-11-280-8w
Operator Lease and Well No. Unit, S-T-R

and my recommendations are as follows:

The location is okay, but there is an area on the other side of
the road that would also work. It is a cove (see photo)
A location at 1190' S 1100' W (approx.) is available there.
Anyway, they can get farther away from the 1/4 1/4 lines if
we want them too.

Yours truly,

Jeff A. Edmister

Sec. 11, T28N, R8W
San Juan County, New Mexico

Gentlemen:

Attached in duplicate (to each office) are a well location plat (C-102) with an ownership plat for the above referenced well.

Due to topography, road and an existing well location, this well could not be placed where it conforms to state spacing requirements. This is the only geologic and topographic site acceptable.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a waiver of objection.

Pursuant to the authority of Rule 104-F we respectfully request your approval of an exemption to the standard well location requirements.

Yours very truly,

TENNECO OIL COMPANY
