On 3/12/2001 Amoco Production Company requested permission to continue the shut-in status pending a well by well review to determine if an attempt may be made to restore well back to production. The well review identified this well has potential & our plan is to set facilities and artificial lift.

We respectfully request permission to extend the shut in status until the 4th quarter of 2002 when this work can be accomplished.

If you have any technical questions please call Allen Kutch @281-366-7955
