Attention: R. J. Broussard

Administrative Order NSL-2261

Gentlemen:

Reference is made to your application for a non-standard location for your C. A. McAdams B #1E well to be located 1090 feet from the South line and 930 feet from the West line of Section 28, Township 27 North, Range 10 West, NMPM, Angels Peak Gallup Extension, San Juan County, New Mexico.

By authority granted me under the provisions of Rule 104 F(I), the above-described unorthodox location is hereby approved.

Sincerely,

R. L. STAMETS, DIRECTOR

RLS/DC/dr

cc: Oil Conservation Division - Aztec

REMARKS: This is a dually completed well in the Dakota and Gallup. The location is standard for the Basin Dakota Pool.

Application for Unorthodox Location
C. A. McAdams B #1E
Angels Peak Gallup Ext.
San Juan County, New Mexico

Amoco Production Company hereby requests approval of an unorthodox well location for the C. A. McAdams B #1E. The proposed location is 1090' FSL x 930' FWL of Section 28, T27N, R10W, San Juan County, New Mexico.

This well was staked in the unorthodox location indicated above because the original intent was to complete the Dakota formation only. Dual completion of the Gallup formation was an afterthought.

A copy of this application is being sent by certified mail to the offset lease holder, El Paso Natural Gas, with the request that they furnish you a waiver of objection and return one copy of the same to me.

Sincerely,

Original signed
R. J. Broussard
