*Administrative Order NSL-3195*

Dear Ms. Watson:

Reference is made to your application dated October 20, 1992 for a non-standard coal gas well location for your Mudge A Well No. 12-6 to be located 1900 feet from the North line and 1000 feet from the West line (Unit E) of Section 6, Township 27 North, Range 11 West, NMPM, Basin Fruitland Coal Gas Pool, San Juan County, New Mexico. The Lot 3 through 7, the SE/4 NW/4 and the E/2 SW/4 (W/2 equivalent) of said Section 6 shall be dedicated to the well forming a standard 314.70-acre gas spacing and proration unit for said pool.

By the authority granted me under the provisions of Rule 8 of the Special Rules and Regulations for the Basin-Fruitland Coal (Gas) Pool as promulgated by Division Order No. R-8768, as amended, the above-described unorthodox coal gas well location is hereby approved.

Sincerely,

A handwritten signature in black ink, appearing to read "William J. LeMay".

William J. LeMay  
Director
