13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The Hancock 13-11 is shut in because there is no pipeline to the well. LDNGC is attempting to acquire a right-of-way across the Navajo lands. LDNGC hereby requests an additional six (6) month extension to the shut in period to acquire the right-of-way. If, at the end of the six month period, a right-of-way agreement is not in place, LDNGC will submit a notice of our intent to plug and abandon the well.
