Dear Sir:

Please refer to our letter of July 22, 1958, File: B-2260-501.77, where we requested an extension to the delinquent date for a deliverability test after workover on the A. R. Hubbell "A" No. 1, Fulcher Kutz-Pictured Cliffs Field.

Attached please find blue-colored Forms C-122-A for the above well. The test is being submitted for new allowable on these forms due to operating difficulties experienced on this test which prevented a complete test being taken. Complete tests will be conducted at an early date and submitted to your office on the regular forms.

Yours very truly,
