Farmington, New Mexico 87401

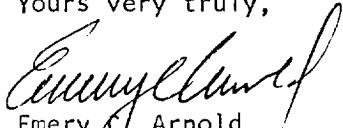

Re: Redfern Development Corp.
Lucerne #2, N-8-28N-11W

Dear Mr. Dugan:

The above well was drilled in late 1968 according to information in our files. We received copies of Federal Form 9-331 indicating that 5½ inch surface casing was cemented at 58 feet and 2-7/8 inch casing was cemented at 854 feet. Our copies of Federal Well Record Form 9-330 have never been received. If final disposition has been made of this well, will you please file five copies of Form 9-330 with the U. S. G. S. office in Farmington? If the well was plugged and abandoned, also please file Subsequent Report of plugging and abandonment.

Thank you.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
