Re: Well No. 30, Gallegos
Canyon Unit, SE/4 Sec. 33,
Twp. 28-N, Rge. 12-W, San
Juan County, New Mexico.

Gentlemen:

This is in regards to the above captioned proposed location, unorthodox because it is 160 acre spacing in the Pictured Cliffs 320 acre spacing area.

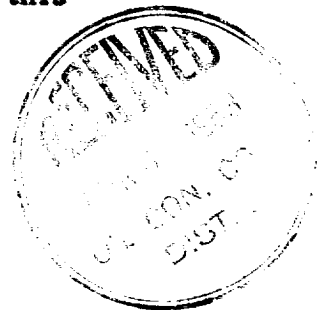

In order to prevent drainage from this unit, you are hereby authorized to drill this well 1650' from the south line and 990' from the east line of Section 33. This approval is given under the authority granted to me by Rule 104 of the Commission's Rules and Regulations and Paragraph 3 of Order R-172.

A copy of this letter is being sent to the Oil Conservation Commission office in Aztec, New Mexico, in whose district this location lies.

Very truly yours,

R. R. Spurrier
Secretary - Director
