Re: Non-standard location
Case No. 2290

Dear Mr. Porter:

Aspen Crude Purchasing Company has staked the location of its #1-11 Aspen Crude well 263 feet from the North line and 700 feet from the East line of fractional section 11, 26 North, 13 West.

The location is on a narrow ridge. If the location is moved east, west, or south the location would be in a canyon. The attached sketch shows some of the characteristics in the area.

I recommend approval of the location as requested.

Yours very truly

A. R. Kendrick
Engineer, District #3
