Reference: Certified letter dated July 19, 1995, #Z 382 112321 Well# Federal 3-11, Sec. 11, 28 N., 13 West, San Juan County New Mexico.

Dear Mr. Townsend:

This letter is in response to my conversation with Wayne Townsend on July 27, 1995. A compressor has been installed on the line and this well is capable of producing. We have a contract with Williams to take October gas.

As requested, I will submit a sundary notice with in five days of production.

Thank you for your consideration and help.

Sincerely

Ralph G. Abbott
