17. DESCRIBE IN DETAIL OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Well has been shut in. The well would not produce due to high line pressure. A compressor has been installed on the pipeline. The meter was checked by El Paso Natural Gas, Miner repairs have been completed on the well. The well will be produced as indicated in my letter to the Farmington office of the B.L.M. in the first or second week of September 1995.
