

NEW MEXICO OIL CONSERVATION COMMISSION
MULTIPOINT AND ONE POINT BACK PRESSURE TEST FOR GAS WELL

Form C-122
 Revised 9-1-65

Type Test ☒ Initial ☐ Annual ☒ Special				Test Date 3-1-82																																																																																									
Company Amoco Production Company			Connection El Paso Natural Gas Company																																																																																										
Pool Basin			Formation Dakota		Unit																																																																																								
Completion Date 2-15-82		Total Depth 6083		Plug Back TD 6036	Elevation 5707 GL																																																																																								
Csg. Size 4.500	Wt. 10.50	d 4.052	Set At 6083	Perforations: From 5932 To 5988																																																																																									
Trq. Size 2.375	Wt. 4.7	d 1.995	Set At 5968	Perforations: From open To ended																																																																																									
Type Well - Single - Bradenhead - G.G. or G.O. Multiple Single				Packer Set At None																																																																																									
Producing Thru Tubing		Reservoir Temp. °F θ	Mean Annual Temp. °F	Baro. Press. - P _a																																																																																									
L		H	G _g	% CO ₂	% H ₂ S																																																																																								
Prover		Meter Run		Taps
