[illegible][illegible]

the 1990s, the number of people in the United States who are 65 years of age or older has increased by 50% (U.S. Census Bureau, 1997). The number of people aged 65 and older is projected to increase to 20% of the total population by the year 2020 (U.S. Census Bureau, 1997). The increase in the number of people aged 65 and older has led to a corresponding increase in the number of people who are dependent on others for their care. This has led to a corresponding increase in the number of people who are dependent on others for their care. This has led to a corresponding increase in the number of people who are dependent on others for their care.
