13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

The casing on the subject well passed a casing integrity test in 11/99. (see sundry dated 12/2/99). Phillips is now engaged in a program to add MV pay to existing Dakota wells. And once the planned wells are completed and can be evaluated we will look at the next phase of the project which will include this well. PPCo wishes to keep this well shut-in for another year.
