July 22, 1981

Mr. Joe Ramey New Mexico Oil Conservation Division Post Office Box 2088 Santa Fe, New Mexico 87501

Dear Mr. Ramey:

This is a request for administrative approval for an unorthodox gas well location in the East Blanco Pictured Cliffs pool.

It is intended to locate the El Paso Natural Gas Company's San Juan 29-4 Unit #24 at 1420' from the North line and 2140' from the East line of Section 8, T-29-N, R-4-W, Rio Arriba County, New Mexico.

Extremely rough terrain with cliffs and ledges in the northeast corner of this section makes it impossible to build an orthodox gas well location.

El Paso is the operator of all offsetting units.

Plats showing the proposed well location and the terrain of Section 8, along with an ownership plat, are attached.

fours crury,

Gary W. Brink

Project Drilling Engineer
