Any temporary abandonment request must include the following:

- 1. Justification for why the well should be temporarily abandoned rather than permanently plugged and abandoned.
- 2. Provide for the installation of a bridge plug or a 50 foot cement plug no more than 50 feet above any open perforations and the well bore filled with conditioned, non-corrosive fluid and shut-in at the surface.
- 3. Rehabilitation of the surface must be performed on all disturbed surface except for that necessary to service the well.

Upon acceptance of the above, temporary abandonment will be approved for a period of one year. At the end of that time, you will be required to show cause why the well should not be permanently plugged and abandoned.
