CONDITIONS OF APPROVAL, IF ANY:

*See Instructions on Reverse Side

General: This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable Federal law and regulations, and, if approved or accepted by any State, on all lands in such State, pursuant to applicable State law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 17: Proposals to abandon a well and subsequent reports of abandonment should include such special information as is required by local Federal and/or State offices. In addition, such proposals and reports should include reasons for the abandonment; data on any former or present productive zones, or other zones with present significant fluid contents not sealed off by cement or otherwise; depths (top and bottom) and method of placement of cement plugs; mud or other material placed below, between and above plugs; amount, size, method of parting of any casing, liner or tubing pulled and the depth to top of any left in the hole; method of closing top of well; and date well site conditioned for final inspection looking to approval of the abandonment.

1. The first step in the process of identifying a suspect is to determine the type of crime that has been committed. This is done by examining the evidence and the circumstances of the case.

2. Once the type of crime has been determined, the next step is to identify the suspect. This is done by looking for anyone who was present at the scene of the crime or who has been in contact with the victim.

3. The third step is to identify the suspect's motive for committing the crime. This is done by looking at the suspect's background and any potential conflicts or grievances.

4. The fourth step is to identify the suspect's means of committing the crime. This is done by looking at the tools or weapons used in the crime.

5. The fifth step is to identify the suspect's opportunity to commit the crime. This is done by looking at the suspect's whereabouts at the time the crime was committed.

6. The sixth step is to identify the suspect's alibi. This is done by looking at the suspect's whereabouts at the time the crime was committed.

7. The seventh step is to identify the suspect's motive for committing the crime. This is done by looking at the suspect's background and any potential conflicts or grievances.

8. The eighth step is to identify the suspect's means of committing the crime. This is done by looking at the tools or weapons used in the crime.

9. The ninth step is to identify the suspect's opportunity to commit the crime. This is done by looking at the suspect's whereabouts at the time the crime was committed.

10. The tenth step is to identify the suspect's alibi. This is done by looking at the suspect's whereabouts at the time the crime was committed.
