17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well has never produced commercially and is shut-in. The well will be investigated for a casing leak, and if it has one, abandonment will be recommended. If the well does not have a casing leak, it is intended to maintain the well in the shut-in status for possible future workover and/or production in the event it becomes economically feasible.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
