Re: New Mexico 03999

Dear Sir:

The following is an account of this week's drilling progress on our Public Land leases.

New Mexico 03939, San Juan Production Company, #1 Grambling:

Well spudded November 14, 1950.  
Drilled to 522' and ran 9-5/8" casing.  
Circulated cement to top.  
Now testing casing under pressure.

If there is any further information that you require, please call on me.  
Thank you.

Yours very truly,

E. J. Coel  
Petroleum Engineer
