Re: El Pamco, Inc.
Sullivan #6
B-25-29N-11W

Dear Bill:

Your subsequent report of the bradenhead squeeze on the above referenced well was not adequate. We will need a more detailed account of remedial activities, such as which cementing company squeezed the well, maximum squeeze pressure, whether or not pressure was maintained inside casing during squeeze, and any other pertinent data.

This office does not ordinarily approve of bradenhead squeezes, except in special cases. If you plan any more such activity please file an intent on form C-103.

Very truly yours,

A handwritten signature in cursive script, reading "Charles Gholson".

Charles Gholson
Deputy Inspector
