Re: Harrigan #1 Cassidy
SE 19-29N-11W, Fulcher-Rutz Pool

Dear Elvis:

We have received your note regarding acreage dedicated and IP on the above named well. Our card file indicates the Initial Potential was 810 MCF per day. We have nothing in our files indicating dedicated acreage; however on February 18, 1955 I wrote Mr. Harrigan, instructing him to file all required forms and schedule the well for Deliverability Test. I sent you a copy of this letter. I told Mr. Harrigan we would put his well on the schedule and allow him 60 days to comply; however if we have no way of determining the dedicated acreage I presume we will be unable to place this well on the schedule unless we receive gas well plat showing dedicated acreage within the next few days.

I am sending Mr. Harrigan a copy of this letter so that he will be advised.

Yours very truly

Emery C. Arnold
