Subject: Request for Marginal
and Exempt Status

Mr. Elvis Uta
New Mexico Oil Conservation Commission
Box 871
Santa Fe, New Mexico

Dear Sir:

Pan American Petroleum Corporation respectfully requests that the Trujillo Gas Unit No. 1, Undesignated Farmington well, be classified as exempt marginal. This well has not produced a million cubic feet of gas during any month of the previous six months' proration period. Listed below is production data during the proration period February through July, 1960:

Trujillo Gas Unit No. 1
Sec. 21, T-29-N, R-10-W
San Juan County, New Mexico

Monthly Production

February, 1960	440 MCF
March	169 MCF
April	81 MCF
May	478 MCF
June	316 MCF
July	264 MCF

Exempting this low capacity well will simplify our testing operations since it is often necessary to attempt several deliverability tests before a successful test is obtained.

If you need any additional information or supporting data for the subject well, please let us know and we will be glad to forward it to you.

Very truly yours,

PAN AMERICAN PETROLEUM CORPORATION
