Mr. Emery Arnold
Oil Conservation Commission
P.O. Box 697
Aztec, New Mexico

Dear Emery:

We are enclosing a copy of a letter addressed to this office by the Berger, Briggs & Company relative to the bond of C. M. Page and J. L. Davis which is self-explanatory. The letter indicates that the well, which was formerly operated by Page and Davis, has now been sold to Melborne Petroleum Corporation, and that it is at present a producing well. I believe that you indicated in a telephone conversation with representatives of this office last week that the file on the above-mentioned well does not indicate any change in ownership.

I will appreciate it if you will check into the matter further to determine whether or not this well is presently a producing well and by whom it is being operated. It may be that all we will need in order to release the Page and Davis bond is Form C-110 showing the change of ownership. We will delay our reply to Berger, Briggs & Company until we hear from you.

Yours very truly,

A. L. Porter, Jr.
Secretary - Director
