Dear Pete:

Reference is made to your letter of September 7 inquiring about the present ownership status of the Page & Davis #1 Salmon well in Section 22-29N-11W.

We have recently had correspondence with Melborne Petroleum Company about this well and they have filed Form C-110 transferring ownership to Melborne Petroleum. However the well records are not complete insofar as Page & Davis are concerned. No Form C-103 on production pipe or C-105, Well Record, has been filed and we are holding Form C-110 until the above forms have been received.

Yours very truly

Dear Sir:

Reference is made to your letter of September 7 inquiring about the present ownership status of the Page & Davis #1 Salton well in Section 22-S2N-11W.

We have recently had correspondence with Helborne Petroleum Company about this well and they have filed Form O-110 transferring ownership to Helborne Petroleum. However the well records are not complete insofar as Page & Davis are concerned. No Form O-103 on production pipe or O-102, Well Record, has been filed and we are holding Form O-110 until the above forms have been received.

Yours very truly
