Dear Ernie:

Mr. Larry Bedford of Bedford, Inc. has just phoned me to report that he has not received payment for the plugging of the captioned well.

The work done by Bedford, Inc. was approved July 11, 1979.

When I last spoke with you about this matter you advised me that you had issued a request for payment prior to the first of this month.

We cannot afford to alienate well plugging contractors by incompetence. We will be attempting to hire them again in the near future.

The contract form provides for payment within 60 days of completion of their work.

Please initiate another follow-up on your request for payment.

If we can be of assistance, please call.

Yours very truly,

A. R. Kendrick
District Supervisor
