Dear Sir:

We have received approval of your \$5,000 one-well plugging bond covering a well located in the ~~SW~~SE₄ Section 14-29N-11W. We have also received copies of Form C-110, Authorization to Transport, indicating that you have purchased this well.

As this well was drilled in 1926 prior to the establishment of the New Mexico Oil Conservation Commission, we have no official records on it. In order for us to assign you an allowable it will be necessary that you file Form C-104, a supply of which is enclosed, indicating a 24-hour production test so that the correct allowable may be assigned.

Upon receipt of the above information we will assign you an allowable. Please submit form C-104 in quadruplicate.

Yours very truly

*Emery C. Arnold
Supervisor, Dist. #3*
