Dear Mr. Arnold:

With reference to your letter dated December 29, 1960, copy of which is enclosed for your quick reference, please be advised that we mailed two executed copies to you of Declaration of Unitization agreements on December 30, 1961. However we note from your recent letter to us from your office November 19, 1962, requesting verification of deliverabilities, that the Fawkes well is still being carried at 75% of deliverability.

Accordingly therefore, we are returning your letter of the 19th. and the schedule, since we cannot sign it as accurate in all respects, so that you may correct same and return it to us for our signature.

In the meantime we are sending you another set of executed Unitization Agreements, and a copy of the form C-128 sent you by Mr. James P. Leese, to facilitate your verifying that this 75% of deliverability should be corrected to 100%.
