New Mexico Oil Conservation Commission
Aztec, New Mexico

Dear Sirs:

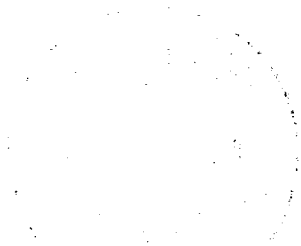

The Aztec Independent-Review newspaper published in their weekly paper, I believe it was the July 24th addition, showing that the Pan American had brought in an oil well of 289 bbls on Section 14-29-11 at a depth of 5033 feet. As I own an interest in this acreage I would appreciate it if you would let me know if Pan American did bring in a well on this section.

Thank you in advance I am,

Yours truly,

Mrs Anna B. McClure
