Gentlemen:

The above well was drilled in 1954 and we received copies of federal form 9-330 indicating that the well was dry and was plugged and abandoned; however, we have never received copies of form 9-331, subsequent report of abandonment, setting out the plugging details. If you have copies of this form, will you please mail them to us? If you do not have extra copies, we will be glad to duplicate copies from your copy and return the information to you.

Yours very truly,

Emery C. Arnold  
Supervisor, District #3
