Krause Beck Well #1
J-10-29N-12W

Dear Ms. Rouss:

Commission Order R-5308 required the subject well to be plugged and abandoned prior to December 1, 1976. I granted a delay to January 15, 1977, at the request of Mr. Joseph F. Burns.

Our statutes were revised early in 1977 to allow the Commission to collect the face value of the face value of the plugging bond when the operator of a well fails to comply with our Rules and Regulations.

An additional thirty day delay was granted for the compliance with Order R-5308, dated August 18, 1977.

Your request for further delay dated September 9, 1977, has been considered. By copy of this letter I am requesting our legal department to issue a demand for the face value of the plugging bond if the well has not been plugged and abandoned on or before October 15, 1977.

If there are further questions, please contact us.

Yours very truly,

A. R. Kendrick
