Re: E/2 Sec. 2, T-29N, R-11W
San Juan County, New Mexico

Gentlemen:

We received your check in the amount of \$5.00 and after checking the above description and obtaining a copy of the Federal form of Intention to drill and a copy of the C-128 from the Oil Conservation Commission we have come to the conclusion that you are forming a Communitization.

However, the C-128 which is an Oil Conservation Commission Acreage Dedication Plat, states Yes to the question "Is the Operator the only owner in the dedicated acreage outlined on the plat below?" The other questions are not answered.

We feel that there should be another C-128 filed since the State owns 200 acres in the E/2 of this section.

Very truly yours,

E.S. JOHNNY WALKER
COMMISSIONER OF PUBLIC LANDS
