*Union Oil Company of California
1619 West Texas Avenue
Midland, Texas*

Attn: C. H. Dixon, Production Clerk

Dear Sir:

We are returning herewith Form C-110 which was received in this office November 19 indicating that your company is assuming operation of the #1 Linda Nye well located in Section 20-30N-8W. You have stated in the "Remarks" column that the form is filed for the purpose of showing change in the operator from Texas National Petroleum to Union Oil of California; however our records indicate that this well is operated by Delhi-Taylor and is located in Unit Letter B, Section 20-30N-8W. I have contacted Delhi's local office and they have no knowledge of an ownership transfer. It appears, therefore, that some error has been made in the submittal of the above form.

Will you please advise.

Yours very truly

*Emery C. Arnold
Supervisor, District #3*
