Dear Mr. Arnold,

Your letter of November 20, 1962 directed to the Midland office of Union Oil Company has been referred to this office.

We have very little information in this office regarding this well, but from the Day Gas Settlement Statements received here from El Paso Natural Gas Company, it appears that Delhi-Taylor owns 51.447% interest in the well and is the operator. There is nothing here to indicate the interest that Texas National Petroleum had, however, they did have some interest in it.

Since Texas National Petroleum Co. has been sold to the Union Oil Company of California, that interest would now be owned by Union. This change in ownership became effective as of November 1, 1962 and El Paso's reports should reflect the change also.

Very truly yours,

Patricia Shields
