Dear Mr. McKay:

Form C-105 is held pending approval of down-hole commingling, dual completion or zone abandonment for the subject well.

It is apparent that you wish to down-hole commingle the well.

If you are unable to schedule a hearing for down-hole commingling on or before April 30, 1976, set a bridge plug between 1650 and 1750 feet from the surface. Such plug to remain in place until an order is entered by the Commission.

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick
Supervisor, District #3
